

SUBJECT INDEX

- Academic librarianship, 152–153
 - and tenure, 161–167
- Academic libraries. *See also* Public libraries
 - LibQUAL+ model for service quality of, 324, 327
- Academic library director (ALD)
 - career path study, 271–272
 - content analysis study for, 273–274
 - criteria for good, 266–268
 - data collection and analysis, 278–279
 - hiring administrators, 270–271, 276–278
 - colleagues perception for, 274–276
 - ranking attributes, 281–294
 - added new, 294–297
 - comparison with ratings of, 302–305
 - role of, 272–273
 - search committees for, 268–270
- Accidental librarianship, 224–226
- ALD. *See* Academic library director (ALD)
- American Association of University Professors (AAUP), 152
- American Library Association, 210
- Analytic induction, 83
- ARL directors. *See* Association of Research Libraries (ARL) directors
- Association of American Colleges (AAC), 152
- Association of Research Libraries (ARL) directors, 268, 269, 272, 274.
See also Academic library directors (ALD)
- Bounded approach, 91
- Bureaucracy, 44, 67n
- Business skills, 247–248
- CAO. *See* Chief Academic Officer (CAO)
- Career length, 108
- Career path study, 271–272
- Carnegie classification, 279–281
 - ranking attributes by, 281–286
- Carnegie Foundation for the Advancement of Teaching, 280
- Center for Rural Librarianship, 237
- Center for Rural Librarianship at Clarion University, 212
- Chief Academic Officer (CAO), 274
- Chief Information Officer (CIO), 275
- Chief Student Affairs Officer (CSAO), 274
- Churchill process, 322–323
- CIO. *See* Chief Information Officer (CIO)
- Commitment, 49–50
- Common Federal Rule, 88
- Community
 - organization structure as, 46
- Compensating wage differential models, 154–158
- Confidentiality protection
 - in social network research, 86–88

- Consortium of Academic and Research
 Libraries in Illinois (CARLI)
 institutions by Carnegie class, 104
 library staff distributions within, 104,
 105
 population, 98–99
 Content analysis study
 for ALD, 273–274
 Corporate culture, 42–43
 background, 43–45
 environmental changes in
 organization, 45–46
 purposeful, 46–55
The Corrosion of Character, 56
 Cronbach's alpha, 98
 CSAO. *See* Chief Student Affairs
 Officer (CSAO)
 Cultural fit, 58, 69n
 Customer service skills,
 248–250
- Data collection
 within social network analysis,
 81–82
 Degree centrality, 101
 Descriptive statistics, 102
- Egocentric approach, 91. *See also*

 colleagues perception for ALD,
 274–276
 for hiring ALD, 270–271
 Hiring narratives, 224
 Hispanic small community library
 directors
 in Texas, 214
- I-Share* libraries,
 103–104
In Search of Excellence, 53
 India, 320
 Individuals
 role in organizational development,
 55–57
 Innovation, 73
 item-total statistics for indicators
 of, 147
 professional advice networks and
 receptivity to, 75–126
 measurement of, 92–93, 110–113

- Institution size
 ranking attributes, 288–292
- Intentional librarianship, 226–227
- Job satisfaction, 217
- Kaiser–Meyer–Olkin (KMO) measure, 114, 148
- KCLS. *See* King County Library System (KCLS)
- King County Library System (KCLS), 324
 high-level conceptual framework model, 326
- Knowledge areas
 added, 296–297
 Carnegie classification, 285–286
 comparison of ALD lists for, 301–302
 comparison of ALD ratings, 305
 extenuating circumstances, 293–294
 funding type, 286–288
 institution size, 292
- Kruskal–Wallis test, 119
- Leadership, 49
- Learning, 51
- LibQUAL+ model
 for service quality of academic library, 324
- Librarians, 214
 business and managerial skills of, 247–248
 customer service skills, 248–250
 geographic isolation of, 241–243
 importance of personal relationships for, 250–252
 professional identity of, 222–224
 role for community, 218–222, 243–247
 success guidelines for, 243–250
 Theme Verification Form for, 215, 249, 260–262
- Librarianship, 215
 accidental, 224–226
 ethic of caring, 218–221
 intentional, 226–227
- Library
 and organizational development, 57–63
 qualitative principles in, 60–61
- Library analysis process, nine-step perceptions battery, 345–346
- Library management system (LMS), 103
- Library service quality model, 326–328
- Library survey architects, 326, 328, 331
- Local governing officials, resistance from, 240–241
- Managerial attributes
 added, 296
 Carnegie classification, 281–283
 comparison of ALD lists for, 298–299
 comparison of ALD ratings, 303–304
 extenuating circumstances, 292–293
 funding type, 286
 institution size, 292
- Managerial skills, 247–248
- Master's degree in library and information science (MLS). *See* MLS degree
- Mentoring
 for non-MLS librarians, 229–233
- Minnesota, 274
- Mixed-methods approach
 to social network analysis, 84–85
- MLS degree, 210, 233–237, 258n
- Moore's Law, 323
- Motivation, 49–50

- Name generator procedure, 91–92
- Narratives, hiring, 224
- National Center for Education
Statistics, 258n
- Networking with peers, 230–231
- Non-MLS librarians
in Texas, 211–212
mentoring for, 230–233
small library management training
program, 228
- Organizare*, 67n
- The Organization Man*, 49
- Organizational development
aspects of successful, 49–55
in library context, 57–63
individuals and, 55–57
theories of, 44–46
- Participation, 53–55
- Patriarchy
working within, 237–240
- Peer influence, 46–47
- Perceptions of Libraries and Information
Resources*, 324
- Personal attributes
added, 296
Carnegie classification, 283–285
comparison of ALD lists for,
299–300
comparison of ALD ratings, 304–305
extenuating circumstances, 293
funding type, 286
institution size, 292
- Personal relationships, 250–252
- Personal social network, 82–83, 91
- Philippines, 320
- Positional approach
for social networks analysis, 78–80, 81
- “Positive psychology”, 68n
- Power analysis, 93–94
- Professional advice networks, 75.
See also Social networks analysis
and receptivity to innovation, 75–126
measurement of, 92–93, 110–113
density, 101
measuring, 92
structural characteristics of, 91–92
- Professional development
and mentoring, 229–233
evidence of, 252–256
- Professional identity, 222–224
- Public libraries. *See also* Academic
libraries
service quality, 323–333
SERVQUAL model, 324–325
survey for assessing service quality,
325–326
- Purposive sampling, 90
- Race and Ethnicity, 96, 109
- Ranking attributes
Carnegie classification, 281–286
extenuating circumstances,
292–294
funding type, 286–288
institution size, 288–292
- RATER dimensions, 321
- Reengineering, 47–48
- Regional system staff, 231–232
- Relational approach
to social network analysis, 80–81
- Research problem, 154
- Risk-taking, 52
- Role set, 79
- Royal Library of Alexandria, 323
- Rusaw Multifactor Assessment
instrument, 76, 93, 95
attitudinal dimensions assessment,
136–137
- “Sacred cow”, 74
- Search committees
for ALD, 268–270
- SEM. *See* Structural equation modeling
(SEM)

- Service quality
and global performance measures, 320
extended model of, 347
Gallup poll for, 318
library conceptual framework of, 326
of public libraries, 323–333
RATER dimensions, 321
research questions and hypothesis for determining, 332–333
SERVQUAL model. *See* SERVQUAL model
