INDEX

Academic content management librarian, 695
Academic engagement librarians, 328
Academic library, 76, 82, 236, 248, 263–264, 289, 299, 301, 311, 315–316, 450
building connections, 327–330
clearing and taking stock of the space, 320–322
computing alliance, 319–320
costs, 76
customization of service, 323–325
from disruption to opportunity, 332–336
graffiti board, 331–332
information literacy, 76
physical and virtual space, 76
repurposing the space, 322–323
reviewing what takes place in the library, 325–327
scholarly communication, 76
Academic success, library’s contribution to, 316
Academy of Health Information Professionals (AHIP), 638
Acceptable evidence, identifying, 387–389
Access, 34, 139, 181
open access (OA), 181–182
retrieval and security, 41–42
as security, 42–44
Accountability, 420
Accruing visuals, 782
Acquisitions, 126–127, 254, 443
Adaptability, 595
Adobe Creative Cloud, 771
Alignment, 146
creating and maintaining, 148–150
Amazon, 214
American Association of Law Librarians (AALL), 634, 635–636
American Library Association (ALA), 163, 233, 438, 633, 640, 682
Sustainability Round Table (SustainRT), 234
American Recovery and Reinvestment Act (ARRA), 12
American Society for Information Science and Technology (ASIST), 642
Analysis, techniques for, 83–84
Analyst, defined, 658, 659
Analytical skills, 595, 858
Anglo-American Cataloging Rules (AACR), 194, 196, 204
“Anti-regulation”, 38
Application programming interface (API), 795
Appraisal, 622
Appraisal Policy, 40, 45
Archives, 132
appraisal, 622
artifacts in, 619–620
born digital records, archiving, 625–626
cataloging, 625
conservation and duplication, 623–625
consigning archives to other bodies and destruction, 627
current archives, assessing, 622
looking after, 620–621
private, 617
and records management, 620
storage, 622–623
value of, 618
ARMA International, 606, 608, 614
ARPANET, 197
Artificial Intelligence, 17, 137, 417, 470, 568, 615
Arts and Special Collections, 371
Association for College and Research Libraries (ACRL), 385, 642
Association for Library and Information Science Education (ALISE), 642
Association for Small and Rural Libraries, 360, 361
Association of Research Libraries (ARL), 235, 368, 443
Association to Advance Collegiate Schools of Business (AACSB), 394
Audit, 39, 80, 611
information audit, 274–282
planning, 81
purpose of, 80
Awareness, 273, 413, 516, 608, 632, 816
Balanced budget, 681
Balanced Scorecard, 262, 264, 266
Bar graphs, 83
Berkeley Public Library tool lending library, 296, 297
Berne Convention, 183
Biases, 417
BIBFRAME, 204, 216–218
Bibliographic control, 202–204

Big Data, 759, 785
communications framework, 768–772
Gartner’s “V” characteristics of, 762–765
value, 767–768
variety, 763
velocity, 763
video, 764
volume, 762
opportunity for librarians
algorithm accountability review, 779–780
community data liaison, 780–781
embedded librarianship, 776–777
expert witness research, 776
and information professionals, 785–786
in-house big data tool expert, 781–784
legal, 772–775
research verification expert, 784–785
real life example, 777–779
verification, 765–766
Big data and text analytics, 791
background, 792–793
oceans of data, 793–794
text data, analyzing, 797
library science skills, taxonomies, 798–800
tool evaluation, 798
tools using, 800–802
visualizing results, 802–808
wrangling data, 795
extract, transform, and load (ETL), 795–796
Blackberry, 25, 26
Blanket mandates, 184
Bloomberg Law, 747
Bloomberg Law Litigation Analytics, 781
“Boardroom Insiders”, 849
Book keeping, 677
Boolean search, 796, 802
Born digital records, archiving, 625—626
Boston Public library, 191, 365, 370, 439
Boxford Library Society, 354
Boxford Public Library, 354
British Library, 142
British Museum Cataloging Rules, 193
Broadband, 376
Broadcasting, 6
Bruce’s seven “faces”/approaches to information literacy in workplace, 397
Budgeting, 125, 503—504, 681—682
Budget reductions, 495
Budgets, 65, 125, 676, 679—680
balanced, 681
content budget, 503
cost center, 681
department budget, 503
functional, 680, 681
master budget, 680
“pass-the-hat” budgeting, 504
reductions, 495
surplus, 681
Building portfolio, managing, 373
“Bundle of rights”, 169
Bureau of Labor Statistics (BLS), 5, 76, 768
Business cases, 79
case scenarios, 91—114
stages, 87—90
structure and progression of, 86—87
types of, 84—86
Business environments, 273, 469, 593, 814
Business goals, changes in, 495
Business information literacy, 398
case study, 401—402
defined, 398
Business information service (BIS), 497
Business operations, context and flow of, 500, 505
Business Processing Outsourcing (BPO), 712, 713
Business structure, changes in, 495
Business success seminars, 308
Caller ID, 767
Canadian Library Association, 358
Career development, 721—723
Cargill Infocenter (case study), 455—459
Changes
in business goals, 495
in business structure, 495
culture and, 301
deeper structures of, 57—58
in an environment, 56—57
model for, 152—153
organizational, 65
in product, 496
Charge-back, 503, 504, 691
ChargeBox, 324
Chemical Society of London, 191
Chief Information Governance Officer (CIGO), 610
Chief Information Officers (CIOs), 28, 654
CIDOC Conceptual Reference Model (CIDOC CRM), 198
Claude Ramsey Library, 358
Client Relationship Management (CRM), 716
Client relationship skills, 723—724
Clients’ needs assessment, 546
individual research requests, 547
Library Open House events, 548
new library service requests, 547
one-on-one interviews, 548
Client/vendor industry groups, involvement in, 706
Coaching others for self-serve, 342
Codification strategy, 578
Coldharbour Library, 358
Collaboration
  compendium of, 308
  culture of, 294–295
  formal and informal, 293–294
Collecting information, 437
Collective goals, identifying, 122
Collective impact models, 147
Collective Management Organization (CMO), 184, 186
College library, 293
College or University Library funding source for, 247
Columbia College librarian, 438
Columbus Public Library tool library, 296
Comma separated value (.CSV) file, 795
Commercially valuable materials, 620
Commitment, 145, 195, 214, 595
  building and keeping, 146–148
Common goals, 122, 124, 534
Communication skills, 595
Community data liaison, 780–781
Community Learning center, 371
Compact-shelving, 238
Competencies, 633–634
  universal, 643–644
Competency Chart, 722
Competency Radar Diagram, 727
Competition and collaboration
  annual user reviews and reports, 703
  client/vendor industry groups, involvement in, 706
  department-specific liaisons, 703–704
  finding value, 691
    academic content management librarian, 695
  data and content, 697
  data costs and allocation, 698–699
ebook access using PDA, 697–698
enterprise data services manager, 693–695
future issues, 699–700
global reach across your firm, 702
knowledge and content services, 701
licensing models, changing, 701
prior jobs, 696
processes, 699
Research Director, Knowledge, and Content Services, 700
spending with vendors versus internal clients and staff, 702
staff replacement, 696–697
transforming knowledge and content services, 700
upgrade skills, 702
value of individual data services, 700–701
from the information supply chain (ISC), 689
institutional licensing frameworks, 705
nontraditional vendors, use of, 704–705
strategic oversight of vendors and products, 704
takeaways and follow-ups, 703
Competitive environment, 813
Competitive intelligence (CI), 105–107, 716, 759, 811
additional research methods
  location and site research, 833–834
  social media research, 832–833
analysis, 834
and information management, 836–837
laying analytical groundwork, 834–835
selecting analytical model, 835–836
business environments, 814
business research, 817
definition, 812–815
emerging opportunities, 842
emerging practices and resources, 841–842
human sources research, 830–832
for information manager, 815
information to insight and foresight, 816–817
intelligence planning
assumptions, 824–825
hypotheses, 825
intelligence program and project opportunities, 822–824
knowns and unknowns, 825–827
Source Map, 827–828
Intelligence Process, 818–819
intelligence programs, 840
introduction and origins, 811–812
KITs-based projects, 825, 834
needs, defining, 819
  Comprehensive Needs Assessment, 821–822
  Direct Interview, 819–821
  Top Questions Method, 821
project management model, 818
Published Sources Research, 829
refined, 815–816
reporting and dissemination, 837–840
Compliance policy and tools, 185
Comprehensive Needs Assessment, 821–822
Computing, 290
Confirmation bias, 417
Consultancy pricing, 486
Consultant, 124
Content acquisitions, 461, 477
  budgeting, 503–504
  business operations, context and flow of, 500, 505
  disconnecting content and technology, 482–485
  existing portfolio, analyzing and optimizing, 495–497
  landscape monitoring, 502
  new portfolio, building, 491–495
  ongoing optimization in action, 497–499
  organizational objectives, 479–480
  portfolio management tools, 490–491
  portfolio strategy, defining, 500
  portfolio value, 488–490, 499–500
  procurement, 504–505
  product characteristics, 480–482
  reporting, 505–507, 509–512
  stakeholder engagement, 500–502
  stakeholder reporting, 509
  usage data, 507–508
  value, components of, 478, 487–488
  value equation, balancing, 512–514
  vendor characteristics, 485
  partnership, 486–487
  pricing, 485–486
  transparency, 486
Content advisory board, 501
Content and information suppliers, 515
  best sources for the information, 521
  business requirements, 519–520
  content sourcing, 518–519
  current market place, difference in, 540–541
  information product/service, need for, 520
knowing the supplier and history and background with the firm, 521–523
negotiation objectives, setting, 529
negotiation process, 532–533, 534–539
negotiation strategy, setting, 530–532
negotiation team, 523–524
knowing criticality and value factors and their impact on, 524–526
negotiation time line, setting, 527–529
review usage to measure value, 526–527
success, measurement of, 542–543
10 objectives, 516–517
value and money, 533–534
when to push on and when to stop, 539–540
Content and technology, disconnecting, 482–485
Content management skills, 343
Content of a product, 480
Content portfolio management, 265, 689
Content purchasing and licensing costs, 76
