ACKNOWLEDGMENTS

First, we would like to thank the Almighty Father for blessing us with the inspiration, strength, and resilience to write this book. In addition, we would like to thank our family and friends for their continued support in our professional endeavors. We also wish to convey our appreciation to Emerald and staff for the opportunity, and the support that they provided. A special word of thanks to Kate Collins, Research Services Librarian at Duke University, for helping us locate important primary sources that were essential for this project.
