

LOCAL GOVERNMENT SHARED SERVICES CENTERS

Management and Organization

Paweł Modrzyński

LOCAL GOVERNMENT
SHARED SERVICES
CENTERS

PRAISE FOR LOCAL GOVERNMENT SHARED
SERVICES CENTERS: MANAGEMENT
AND ORGANIZATION

“An excellent guide to the process of efficient and safe creation of shared service centers in local government structures.”

Robert Karaszewski, Head of the Business Excellence Department, Faculty of Economic Sciences and Management, Nicolaus Copernicus University in Toruń, Poland

“A must-read for all interested parties, in particular the management bodies of local government units, SSCs directors, auditors and public sector specialists.”

Alicja K. Reuben, Department of Economics, New York University, Abu Dhabi

“The author not only has significant scientific achievements... but also has extensive professional experience covering the management of [shared services] units, their organization and creation, as well as auditing.”

Roberta Pellegrino, Department of Mechanics, Mathematics and Management, Politecnico di Bari, Italy

<i>Author Biography</i>	<i>XXIII</i>
Introduction	1
1. Idea and Purpose of Creating a Shared Services Center	7
1.1. Evolution of Organizational Structures and Organizational Management Models	7
1.2. Definition of a SSC	20
1.3. Centralization, Outsourcing and Shared Services	43
2. Development of the Shared Services Market	51
2.1. The Essence of SSC	52
2.2. The Reasons to Create SSC	57
2.3. Before SSC Creation	67
2.4. How Shared Services are Delivered	76
2.5. Benefits of SSC Establishing	81
2.6. Disadvantages of SSC Establishing	84
2.7. Future of Shared Services	86

3.	Development of the Market of Shared Services in the Local Government Sector in Poland	91
3.1.	The Idea of Creating Self-government Centers for Shared Services in Poland	91
3.2.	Forms of Organization of Processes and Tasks Provided by Self-governments in Poland	97
3.2.1.	Communes	98
3.2.2.	Districts	100
3.2.3.	Provinces	101
4.	Benefits and Threats to the Implementation of the Shared Service Market Model in Local Governments	117
4.1.	Organization of SSCs	117
4.2.	Determining the Scope of Subjective and Objective Activities of the SSC	128
4.3.	The Analysis of Organizational Models and the Design of Provided Processes	136
4.4.	Human Resource Management	143
4.5.	Implementation Schedule for SSC	154
4.6.	The Efficiency of the Processes	162
4.7.	Risk of SSCs and Ongoing Processes	172
5.	Use of IT Infrastructure by Self-government Shared Service Centers	183
5.1.	Electronic Document Workflow	183
5.2.	The Process of Implementing Electronic Document Workflow and a Rugged Medium in the TSSC	194
5.3.	Process Safety – Blockchain Technologies	200

AUTHOR BIOGRAPHY

Paweł Modrzyński, PhD

A graduate of the Faculty of Management and Economic Sciences at the Nicolaus Copernicus University in Toruń, where he received his Ph.D. in economic sciences, and the Dominican University (USA), where he completed postgraduate MBA studies. He completed postgraduate studies in accounting at the Nicolaus

Copernicus University in Toruń and holds the Chief Accountant qualifications issued by the Association of Accountants in Poland. He is also entitled to be a Member of Supervisory Boards of state-owned companies.

Academic staff member of the Finance Department, Management Department, and the Financial Auditor of the Jan and Jędrzej Śniadecki UTP University of Science and Technology in Bydgoszcz. Author of many publications concerning public management, higher education financing and public finance. For several years he has specialized in the organization, management and audit of Shared Service Centers (SSC). The author of several scientific and industry publications as well as reports and monographs on the management and

organization of local government SSCs in Poland. Permanent columnist of the largest periodical in Poland devoted to local government issues – *Wspólnota Samorządowa* (Local Government Community). As an Expert and Panelist, he participated in many national and international conferences on public sector unit management and shared service market. He is experienced in creating and managing local government SSCs in Poland. He is the Originator and responsible for pioneering implementation of Blockchain technology in public sector the Toruń SSC, and received awards at the Smart City conference in Warsaw in 2019. As a professional, he is also involved in self-governing SSC audits and provides training for management and staff of these units.

The author's rich, over 20-year professional and managerial experience is related to the broadly understood public sector and includes, for example, serving the role of the Chancellor of the Nicolaus Copernicus University in Toruń and the Cracow University of Technology as well as the Director of the Department of Innovation and Development at the Ministry of Science and Higher Education in Warsaw. Professional experience also includes exercising ownership supervision in commercial law companies and sitting in supervisory boards, as well as being an expert in the European Committee of the Regions in Brussels and active participation in the Monitoring Committees for the organization and supervision of national EU programs under the 2004–2006 and 2007–2013 budget perspective for the Kujawsko-Pomorskie province.
