SUBJECT INDEX

Age discrimination 134, 157
Age structure 1, 56, 75, 76, 95
Age–skill profile 163, 166
Age–wage profile 164, 165, 170, 177, 180
Agriculture 14, 127, 144
Asymmetric information 140, 141, 155, 156
Awaji Yumebutai International Conference 1

Baby boom 77, 81, 83, 84, 93, 95, 117, 170, 175, 177
Baby-boom generation 170, 175, 177
Benthamian social welfare function 214, 217, 229
Birth rate 4, 39, 102, 103, 104, 117, 246, 247, 248

Capital 12–13, 55–58
Capital accumulation 3, 10, 76, 85, 101, 163
CATI 144
Childbirth 189, 193
Childcare leave 192–195
Childcare Leave Law 192
China 99
Chubu 251, 252
Chugoku 251, 252
Cluster analysis 175, 177
COE 1
Community factor 244, 247
Conditional convergence 10, 101, 109
Consideration age 167, 175
Continuous employment 161, 164
Convergence 10–12, 15, 42

Death Index 245, 246, 247
Declining-skill-profile 180
"Declining" 167
Deferred-payment system 162, 163
Delayed-payment contract 136, 142, 143, 155, 156, 157
Democracy 17, 18, 34
Demographic change 39, 45–46, 47–48, 49–53
Demographic core 16, 30–31
Demographic dividend 75, 77–80, 84–89
Demographic transition 30, 50, 78, 99
Demographic variable 5, 14, 17, 23, 24
Density 14–15
Dependency 12, 62–64
Dependency ratio 14, 17, 29, 43, 77
Deposit in saving 245, 247, 260
Desirable wage 162, 166, 170
Developed countries 46, 50, 191
Discrimination 134, 157
Displacement effects 180–183
Double-earner couple 203, 204, 206, 207, 208
Dynamic condition 87

East Asian "miracle" 75
Economic component 41, 43, 45
Economic condition 244
Economic core 16, 21
Economic growth 39, 99
Education 211, 236–240
Education and defense spending 17
Education at a Glance 229
Education output function 213, 214, 215, 233, 235

Effective number of consumer 79, 84, 85
Effective number of producer 78, 79
Elderly dependency 61–62, 63
Employer-sponsored training 143, 153, 155
Employment indices of older workers 165–177
Employment-protection legislation 161, 164, 165
Employment rate 9, 42, 244, 246
Employment/population ratio 162
Endogenous variable 245, 247, 262
Enriched 40, 54
Equity-efficiency trade-off 211
Exemption of the poor 262
Exogenous variable 31, 245, 246
Experience 39, 156
Externality 206–208

Factor-augmenting method 106
Family leave 191
Family size 246, 247, 248, 249, 260
Female Employment Management Survey 195
Fertility 1, 8, 52, 53, 99, 104
Fertility rate 189, 260
Firm-specific human capital 163, 164
First dividend 81–84
Fixed costs 135–137, 157, 163
"Flat" 167
Flexi-time system 189, 195
Flexi-time work 191

Gender 189
General equilibrium growth accounting 119
Golden-rule 87

Harvard 18, 22, 39, 40
Harvard model 8, 9, 22
Health 17, 150
Health insurance 137, 150
Hokkaido and Tohoku 251, 252

India 2, 24, 34, 76, 77, 80, 81, 82, 88, 89
Indices for the employment of older workers 170
Inflation 12, 17, 18, 34
