INDEX

Actual appraisals, 143–144
Affect, 88, 93–95
  control theory, 37, 161
Affective embodiment, 103
Affective systems, 91–93, 95–103
Agency, 81–82
Allocation, 60–61
Altruism, 37–38, 123–124
American Soldier, *The*, 29
Analytic(s), 44–45
  reconfiguration, 83
Apologies in trust games, 124
Arguments, 177–182
Asian Americans, 7, 12
Autobiographical declarative memory system, 84

Behavior(al), 136–137
  adjustments, 140
  responses, 139–140
Biographical Ape, 95–97
Brain's emotional system, 92

Care, 93, 95
Carnal ethnography, 102–103
Cognitive consistency principle in identity theory, 136
Cognitive responses, 139
Colorblindness, 16–17
Commitment, 198, 201
Communication, 116–117
Conceptual decomposition, 82
Conformity, 32–34
Constructivist model, 112–113
Contingency theory of leadership, 31–32
Conventional identity meanings, 84
Cooperation, reputation, forgiveness, and solving problems of, 110
Coping
  mechanisms, 149–150
  strategies, 139
Counter-role, 197
Cyclic time, 64

Decision-making in disrupted environments, 34–36
Decompositional strategy, 83
Default mode network (DMN), 85–86, 96, 101–102
Defensive motivations, 15–16
Definitions of identity theory, 169–171
Denotative definitions, 163
Department of Health and Human Services (DHHS), 44
Derivations, 167–169, 177–182
Deterrence theory, 113
Direct reputations, 113
Disrupted environments, 26–28
  decision-making in, 34–36
  research challenges and opportunities for studying groups in, 41–45
Distress, 65
Domain, 117
Dorsolateral prefrontal cortex (DLPFC), 86
Duration, 60–61
Dysphoric threats, 38

Economic models, 117
Electroencephalogram (EEG), 43–44, 85, 143–144
Embodied Ape, 99–103
Embodied intersubjectivity, 100–101
Embodied self, 95–103
Embodied understanding, 100–101

Emotional/emotions, 88–90, 136
  biography, 95
  in human social evolution, 90–91
  suppression, 149–150
Empirical studies of forgiveness, 123–125
Episodic declarative memory system, 84
Evaluation apprehension, 36
Event timing, 60–61
Evolutionary models, 117
Expectation states theory, 161

Face-to-face groups, 35
Facial thermography, 43–44
Feedback, 59–60
Feelings, 88
Fieldwork, 42
First-order terms, 163–164
Forgiveness, 110, 121–125
  empirical studies, 123–125
  experimental test, 125–129
  reconciliation models, 123
Frequency, 60–61
Functional magnetic resonance imaging (fMRI), 85

Galvanic skin response (GSR), 43–44
Gender discrimination, 6–7
Generalizability coefficient, 118
Gossip, 121–125
Grief, 93–95
Group cohesion, 29–31
Group conflict, 36–38
Group dynamics
  conformity and influence, 32–34
  decision-making in disrupted environments, 34–36
  in disrupted military environments, 29–38
  emerging technologies and new analytic approaches for research, 43–44
  group cohesion, 29–31
  group conflict, 36–38
  leadership, 31–32
Group performance, 30, 33–34
Group processes, 26, 28
  disrupted environments, 26–28
  effects of organizational and institutional embeddedness, 38–41
Group structure, 26–27, 27
Groupthink, 30–31

Harsanyi transformation, 121
Higher-order terms, 163–164, 198–202
Horizontal bonds, 29–30
Hurriedness, 59
Hypocognition, 2–8
  dominant groups, 8–11
  interventions, 13–15
  of male privilege, 5–7
  of white privilege, 7–8
Hypotheses, 164–165

Identity, 62–66, 199, 200
  control theory, 161, 185
  identity-relevant feedback, 142–143
  identity-supporting behavior, 144–145
  prominence, 201
  salience, 176–177, 200, 206, 207
  scholars, 193
  standard, 84–85, 185–186
  strategies of identity negotiation, 138–141
Identity theory (IT), 54, 80, 136, 158, 191, 214
  analysis and reconstruction of, 172–183
  analyzing, 158–160
  elements of theories, 163–165
  formalizing, 192–194
  higher-order terms, 198–202
  interpreting, 194–198
  method, 166–172

properties and components, 160–165
propositions, 202–208
scope conditions, 208–209
terms and definitions, 172–177
Ideological model, 112–113
Indirect reputations, 113
Institutional embeddedness and implications for groups, 39–41
Integration, 165
Intentional blindness, 15–16
Interaction time, 64
Intergroup
conflict, 36–38
contact, 15
International Personality Item Pool (IPIP), 142
International relations theory, 113
Intersectionality, 15
Intersubjective verifiability, 169, 216

Leadership, 31–32
Lower-order terms, 195–198

Macroaggression, 12
Male privilege, hypocognition of, 5–7
Markovsky and Frederick's job (M&F's job), 191–192, 214
Marley hypothesis, 11
Mental time travel (MTM), 96–97
Microaggression as covert discrimination, 12–13
Microassaults, 12
Microinsults, 12
Microinvalidations, 12
Military science, 28, 29
Mirror neuron system (MNS), 100
Modular theories, 165, 171–172
Modularization, 171–172, 183
Module, 165
Multiplex networks, 45

Narrative self, 95–103
Negative emotions, 144
Network, 198
of commitment, 198, 204
Neurosociological research, 87
Nonverification, 86
Nonverified identity negotiation
dependent variables, 144–145
experimental design, 142–144
hypothesis tests, 145–149
limitations, 150–151
participants, 141
practical considerations, 150
procedures, 141–142
theory, 137–141

Objectivist/realist model, 112–113
Organizational
bonds, 29–30
embeddedness of groups and impacts on social influence, 38–39
literature, 111–113
Ostracism, 121–125

Pacing style, 59
Perceived accuracy of identity-relevant feedback, 144
Perceptual control systems model, 137
Persistence, 142
of nonverification, 137–138
Play, 93, 95
Political science, 113–114
Positron emission tomography, 85
Postself, 112
Power, 163
Preferred polychronicity, 59
Primitive terms, 163
Process losses, 35, 36
Production blocking, 35
Projective Ape, 97–99
Projective/projected self, 95–103

Propositions, 164, 167–169, 177–182, 202–208, 217
Protestant Ethic and the Spirit of Capitalism (Weber), 40
Psychology, 114–116
Public relations research, 116

Quasi-theory, 161, 216–217

Racial discrimination, 7–8
Radicalization, 40–41
Recognition, 112
Reconciliation models of forgiveness, 123
Reflected appraisals, 86, 143–144
Reflexivity, 81
Related identities, 197
Renown, 112
Reputation, 110, 113–115, 121–125
  dependent variables, 128
  development, 126–127
  experimental test, 125–129
  history, 119
  independent variables, 127–128
  investigating, 116
  and literatures across different social sciences, 111–117
  management strategies, 116–117
  predictions, 128–129
  problem of incomplete information, 121
  trust based on realization of shared interests *vs.*, 119–120
Research methods, 41–43
Role, 195
  expectation, 197
  performance, 196

Schema, 4
Schemata, 4
Scope conditions, 164, 182–183, 208–209
Self, 81–83, 177
  affective systems and narrative, projective, and embodied self, 95–103
  charting new paths, 87–95
  concept, 136, 177
  self-conscious emotions, 89
  self-enhancement mechanism, 85
  self-perceptions, 199
  self-recognition, 100–101
  self-related capacities or abilities, 82
  self-related intentional states, 82
  self-related representations, 82
  self-time, 64
  social psychology and neuroscience, 83–87
Self-projection (SP), 96–97
Semantic declarative memory system, 84
Sentiments, 88
Sequence, 60–61
Shame-deference system, 94
Social action, 93–95
Social dilemmas, 110–111
Social emotions, 89
Social identity theory, 54, 66–69, 186
Social influence, 33
Social networks, 198
Social position, 195
Social privilege, 3–4
  ignorance of history, 11–12
  invisibility of, 2–3
Social psychology, 114–116
  identity control processes in brain, 84–85
  localizing self-related abilities in brain, 83–84
  measuring and specifying key constructs and processes, 85–87
  and neuroscience, 83–87
  of time, 54, 57–62
Social self, 99

Social time, 55, 64
Sociological theory, 81
Sociology, 111–113
Solidarity, 171
Stets, Burke, Serpe, and Stryker's rhetoric (SBS&S's rhetoric), 214–217
Structural symbolic interaction (SSI), 194
Surveys, 42
Symbolic interactionism, 136
Symbolic interactionist perspective (SI perspective), 80
Symbolic time, 55

Taking time, 60–61
Temporal Depth Scale, 58–59
Temporal focus, 58–59
Temporal orientation, 58–59
Temporal perspective, 54, 58–60
  measurement, 69–70
Temporality, 62–69
Terminological system, 169
Terms of identity theory, 163, 169–171, 217
Textures of Time (Flaherty), 60
Theory
  of action, 56
  analysis, 160–161, 215
  construction, 160, 166
  elements, 163–165
Theory of basic affective systems (Panksepp), 81
Time
  attitudes, 58–59
  early sociological thinking about, 54–57
  future directions, 70–74
  measurement of temporal perspectives, 69–70
  perspective, 58–59
  social psychology, 54, 57–62
  temporality and identity, 62–66
  temporality and social identity, 66–69
Time Perspective Inventory, 58–59

Unconditional forgiveness, 125

Verification, 85
Vertical bonds, 29–30

Well-built theories, 161–163
White privilege, hypocognition of, 7–8
Wikitheoria.com, 165

Zero-order terms, 163–164
