# INDEX

Access to information (ATI), 34
Adaptation, 190
Adolescents, 119
Advanced information technologies, 181
Advocacy research, 143–144
Age-graded life events on risk of elder financial exploitation, 109–110
Agency records, 166
  challenges in human trafficking research, 171–172
  to estimating prevalence, 172–175
  research on human trafficking using, 169–172
  types, 167–169
Agency-based male sex workers, 88
Alexa Traffic Ranks, 93–94
Alliances, 59
  networks, 48
"American Dream", 74–75
Arrest records, 50–51
Assaults, 72
Assets, 104
ATI /FOI laws, 34–35, 37, 41–42
Audio-based online material, 181

BeautifulSoup, 182
"Big data" phenomenon, 187
Black Widow, 182
Boston Special Youth Project, 50

Campus Quality of Life Survey (CQLS), 74
Capture–recapture methods, 169–170
Cataloging techniques, 94–95
Change scores, 127–130
  pre-and post-parkland, 123–127
Clique percolation method (CPM), 55
Clique-based approaches, 55
Co-offending, 50–51
Coercive control, 79
Cohesion–delinquency relationship, 57
Collaborations, 187–188
  between agencies and researchers, 169
Commercial sexual exploitation (CSE), 169
  CSE/prostitution, 169
Community
  detection, 53–54
  partnerships, 136
Community-based participatory research (CBPR), 136–138
  challenges and consequences, 139–143
  concentrated partner's recruitment stage, 139
  lessons learning, 143–145
  process challenges, 139–142
  process consequences, 142–143
  research and battered immigrant women, 138
Comprehensive School Safety Initiative (CSSI), 116
Conflict, 71–72
  gang, 58
Conflict Tactics Scale 2 (CTS2), 71
Crawlers (*see* Web-crawlers)
