

INDEX

- Abduction, 85–86, 87–88
Access Mars, 128, 129–130, 133
Aircraft, 24–25, 64, 180
 definition, 184
 international air law, 186–187,
 190–191
Aldrin, B., 40, 118, 127–128, 257
Alien, 81, 95–96
Aliens, 20, 69
 contact with, 18–19
 cosmic imaginaries, 264
 on the Earth, 85–90, 92
 Otherness of aliens, 3
 video games, 106
American Interplanetary Society
 (AIS), 23
Ansari XPRIZE, 165–167, 171,
 174, 224–225
Anthropocene, 11, 246–252,
 258–259, 260, 261, 262, 268
Apollo 8, 40, 170
Apollo 11, 5–6, 36, 40, 41, 219
Apollo program, 6, 28, 36, 39–40,
 41, 210–211
Armstrong, N., 40, 219
Asimov, I., 19–20
Asteroids, 28–29, 76–77, 177–178,
 253–254, 256, 269–270
Astronauts, 7, 28, 39, 46–47, 105,
 168, 250
Apollo 8, 170
Article V of the Outer Space
 Treaty, 186
Columbia accident of 2003,
 43–44
government astronauts, 186,
 193–194
human spaceflight initiatives,
 36–37
international space law, 185–186
Lunar Module, 40
Mars plan, 49
overview effect, 7–8, 235
social relations, space travel, and
 the body of, 203–219,
 220–222
Soyuz craft, 168
space tourism and, 141–142,
 159–160
SpaceX, 63–64, 169
The Martian, 104–105, 115
VR technologies, 120, 128,
 129–130, 133–135
Augmented reality, 117–118,
 135–136
Authenticity, 70, 126–127
 emerging authenticity, 126
 of the experience,
 121–124
Aviation law, 180, 187, 198

- Bezos, J., 6, 96, 99–100, 101–102, 167, 246, 264–265
- Big Falcon Rocket, 207
- Bigelow Aerospace, 170, 226, 246, 252–253
- Bigelow, R.T., 170, 226, 228, 246
- Blue Origin, 102, 165–166, 169, 174–175
 - suborbital space tourism, 6, 167, 182, 183, 224
- Body rhythms, 210–211, 213–215, 220, 221
- Body, 205–219, 221
- Bone density, 109
- Branson, R., 145, 154–155, 174, 246
 - abstract representations, 232
 - aspirations, 264–266
 - development of space tourism, 96, 101–102, 166–167, 224–225
 - Virgin Galactic, 6, 62–63, 142, 166, 207, 221–222
- British Interplanetary Society (BIS), 24
- Capital, 206–208, 226–227, 262
 - circuits of, 227–228
 - cultural, 230–231
 - emergence, 251
 - space-related capital, 254, 257
- Capitalism, 4, 49, 233–234, 246, 251, 253, 254, 257, 272–273
 - consumerist, 243–244
 - industrial, 99, 216–217
- Capitalocene, 251–254
 - likely effects of space tourism, 258
 - space development process, 261
- Catalonia, 194, 196
- Challenger*, 42–43
