

# INDEX

- Actual behavior, 87, 89, 94, 96
- Adjusted goodness-of-fit index (AGFI), 121–122
- Adverse effect, 116–117
- Advertisement, 148–149
- Advertising activities, 52
- Affect Balance Scales, 116–117
- Agriculture, 8
- Air Busan, 179
- AirBnB, 168–169
- Airport distance, 164
- Amenities, 162
- AMOS 22.0, 73
- Archaeological artifacts, 48–49
- Archaeological education, 54
- Archaeological museum, 48–50, 52, 54
- Art activities, 178–179
- Assertiveness, 27
- Atlas.ti (qualitative software), 29
- Attitude, 87, 97
- Attitude–intention-behavior, 95 gap, 87
- Attraction, 116
- Authentic tourist experience, 105
- Autobiographical memory, 102, 105, 106, 107
  - classification of, 102–103
- Automated external defibrillator (AED), 53
- Average variance extracted
  - calculation (AVE calculation), 121
- Balibo community, 10
- Balibo Fort Hotel (BFH), 10, 12, 16, 17
- Balibo House Trust (BHT), 10, 17
- Behavioral intention (BI), 89, 92, 94, 95
  - theory, 86–87
- Beneficiary, 12, 180
- Brand asset
  - exclusive brand assets, 51
  - protection and authorization of development, 51
- Brand identification, 47–51
  - brand orientation, 50–51
  - core identification, 49–50
  - strategic brand analysis, 47–49
  - value claims, 50
- Brand leading model, 46
- Brand logos, 45
- Brand marketing, 55
  - of museum, 44–46
- Brand marketing communications, 47, 52–56
  - advertising activities, 52
  - event marketing, 52
  - online interaction, 54
  - physical channels, 52
  - public relations, 53
  - strategic cooperation, 54–56
  - visiting experience, 53–54
- Brand orientation, 50–51
- Brand value of museums, construction of, 43
  - brand identification, 47–51
  - brand rights and interests, 51
  - clear orientation, goals, and brand identification, 56
  - exclusive brand assets, 51
  - expanding brand marketing through activities and media promotions, 56

- experiential activity propaganda, 56–57
- growth potential for large-scale intercity festivals, 57
- partnership with vendors to sell cultural products, 57
- research framework, 46–47
- study limitation, 57–58
- Branding marketing of museum, 44, 45
- Brazil
  - Brazilian federal government, 176–177
  - social tourism practices in, 176–177
- Bureau International Tourism Social (BITS), 174–175
- Capacity building, 4–5, 8–9, 11–12, 15–17
- Casino, 86
- CGV Movie Company, 178–179
- Chi-square model, 71, 75
- Chiayi International Band Music Festival (CIBF), 115–116
- City population, 165
- Coalition, 27, 28
- Cognitive factors, 64
- Collaboration, 5
- Common method variance (CMV), 71
- Community
  - leaders, 14–15, 16
  - ownership, 5
- Community-based tourism (CBT), 4–5, 7–8, 10–11
- Comparative fit index (CFI), 92, 121–122
- Competitor analysis, 48
- Competitor-driven pricing, 162–163
- Complimentary breakfast, 164
- Confédération Mondiale des Activités Subaquatiques (CMAS), 118–119
- Confirmatory factor analysis (CFA), 70–71, 118–121, 136
- Constrained model, 75
- Consumer
  - analysis, 47–48
  - knowledge, 149–150
  - learning, 148–149, 157
- Consumer Involvement Profile (CIP), 115
- Contemporary travel experience
  - research, 101–102
- Content, defined, 105
- Context, defined, 105
- Convenient sampling method, 91
- Convergent validity, 136–137
- Core identification, 49–50
  - organization, 50
  - personality, 50
  - product, 49–50
  - symbol, 50
- Corporate Social Responsibility, 173–174, 177–178
- Corruption, 8
