INDEX

Accessibility, 126
Adaptation, 17–19
Airbnb, 259
Anatomage Table, 112–115
Artificial intelligence (AI), 143–144
Asian-Pacific region
 adopted models, 166
comparison between regions, 163–164
implementation of teleworking in multinationals in, 163–166
legislation in, 164–165
Attitudes toward behavior, 13–14
Audit trials, 23
BedZED, 83
Behavioral theory of the firm, 27–29
#BlackLivesMatter, 111–112
Blockchain technology, 100–101
Build–operate–transfer contracts (BOT contracts), 20
Business, Innovation, and Skills (BIS), 58
Business continuity resilient strategies for small businesses in pandemic times, 61–62
Business model, 94–95
Capability, 30
Carbon emissions, 83
Circular economy, 71
and international business models, 98–99
models, 94
City, 81–82
City Resilience Index (CRI), 59
Climate Change Performance Index (CCPI), 93–94, 97–98
international business strategies based on, 97–98
Cluster Management Organization (CMO), 95–96
Coercive isomorphism, 11–12
Commitment process, 29–30
Comparative advantage theory, 40–41
Competence-based theory, 4–6
Competitive advantage, 2
theory, 39–40
Competitiveness, 2
Conditional value, 73
Conservation of resource theory (COR theory), 162
Contingency theory, 4
Cooperation, 38
COVID-19, 241
conscious tourists, 178–179
impact of covid-19 pandemic and origin of new trends in world of tourism, 67–68
impact in tourism sector, 174–181
tourism sector before, 174
Cross-cultural approach, 256
cross-cultural online promotion of tourism, 259–260
growth of industry, 257–258
hospitality, 259
influence of cross-cultural approach in decision of touristic destination, 260–261
recreation, 261
sustainable tourism, 258–259
Crypto-economy, 94
Cryptocurrencies for sustainable business models, 100–101
Decision-making, 6
Deductive method, 21–22
Deglobalization, 16–17
Department of Transport, Tourism, and Sport (DTTAS), 177–178
Dependence on others, 13
Digital, 108
Digital as new sustainable business model, 100
Digital technologies, 111–112
Digital tools
Index

experience with, 110–115
teachers’ experience with, 115–116
Digital tourists, 180–181
Digital transformation (DT), 158–159
Digitalization, 100
Domestic tourism, 66, 177–178
Eclectic theory of international production, 42–43
Eco-conscious tourists, 179–180
