INDEX

Academic, 7, 18, 48, 67–68, 73, 75
Accommodating learning, 5
Advising entrepreneurship clubs and societies, 6
   alumni development, 11–12
   building structures, organised and recruiting, 8–9
   bureaucracy, 7–8
   institutional representation and behaviour, 9
   mentoring of student leaders, 10
   motivation, disengagement and resilience, 11
   performing to expectations, 10–11
   startup processes, 7
   succession planning, 9
Ashby's Law of Requisite Variety, 46
Assimilating learning, 5
Association of Collegiate Entrepreneurs, 4
Association of Student Entrepreneurs (ASE), 4
Australia, 33

Black, Asian and minority ethnic students (BAME), 87
Business challenge, 75
Business Challenge Weeks (BCW), 60
   outline of BCW intervention, 60–62
Business incubators (BIs), 32
   methodology, 33–34
   results, 36–38
   universities, 34–36

Capability, 82
Challenges, 6, 10, 39, 51, 54, 60, 77
Client motivations, 66–67
Client outcomes, 70
Client perceptions, 72–73

Client projects, 66
Clubs, 2–4 (see also Entrepreneurship clubs)
   managing and advising, 13
   operation, 8
Co-curricular, 18, 69, 76–77
Colin's Law in Ohio (2021), 9
Collegiate Entrepreneurs' Organisation (CEO), 4
Community Interest Company (CIC), 34
Competencies, 82–83
Competition, 47–49
Curricular activities, 17
Curricular education, 24
Curricular EE, 24

Delivery, 83, 86
Delphi panel, 85
Descriptive statistics, 86
Design, 4, 60–61
Didaktik, 17, 25
   conceptual discussion, 25–26
   curricular vs. extracurricular perspective, 17–19
   entrepreneurial learning, 21–22
   purposes, 22–25
   question, 19–20
   theoretical implications, 26–27
   triangle, 19–21
Digital Competence Framework for Citizens, 83
Direct extracurricular activity, 18
Diversity, 8, 11, 73
Dynamic learning perspective, 21

Enactus, 3–4
Enterprise, 2, 32, 74
Enterprise and entrepreneurship education (EEE), 82
Enterprise education, 62, 69, 77
EntreComp, 83
Entrepreneurial behaviours, 61
Entrepreneurial capability, 84–85
Entrepreneurial competencies, 82–85
extracurricular activities in, 89–90
Entrepreneurial ecosystem, 32, 35–37, 40, 53
Entrepreneurial education, 18
Entrepreneurial learning, 2–3, 21–22, 37
Entrepreneurial university, 18
Entrepreneurship clubs, 2
advising entrepreneurship clubs and societies, 6–12
extracurricular entrepreneurship education, 3–4
learning benefits of entrepreneurship clubs and societies, 4–6
methodology, 2–3
Entrepreneurship education (EE), 47, 60, 82
value and purpose in, 13
Entrepreneurship Strategy, 35
Entrepreneurship support, 34
European Confederation of Junior Enterprises (JADE), 3
Executive Summary, 49
Experiential learning, 61, 67
Expert advisory clinic, 36
Extracurricular activities, 16–17, 89–91
Extracurricular client projects, 60
commitment and support requirements, 76–77
communications, 76
cross-faculty practices, 77
data collection and findings, 63–65
experiences and outcomes, 68–71
guidance to mentors, 77–78
in-curricular, co-curricular or extracurricular, 77
motivation of participants, 65–68
mutual perceptions of roles, 71–75
outline of BCW intervention, 60–62
recommendations for future challenge weeks, 75–76
success measures, 78
Extracurricular entrepreneurship education, 3–4, 47
Franchise model, 8
Generic skills, 47–48
Global sustainability challenge, 46
Graduate outcomes, 61
Graduates, 9, 32, 34–35, 38
GreenComp, 83
Harmonious entrepreneurship, 46
competition, 47–49
outcomes, 50–51
Harmonious Entrepreneurship Society, 46
Higher education (HE), 83
findings, 86–91
methodology, 84–86
recommendations for educators, 93
recommendations for students, 93
Higher Education Business & Community Interaction (HEBCI), 34
Higher Education Innovation Funding (HEIF), 34
‘Higher-level’ learning, 21
Impact, 82
In-curricular, 67, 77
Incubation, 17
Incubator environments, 21–22
Incubator space, 17
Incubators, 17, 33
Indirect extracurricular activity, 18
Industry, 52, 55, 89
Innovation, 32, 55, 62
Institutional representation and behaviour, 9
Junior Enterprises (JE), 5–6
Laissez-faire approach, 7, 9
Learning benefits of entrepreneurship clubs and societies, 4–6

Malaysia, 50
Massive Open Online Course (MOOC), 38
Mentoring of student leaders, 10
Mentors, 61
motivations, 67–68
outcomes, 70–71
perceptions, 73–75

National Association of College and University Entrepreneurs (NACUE), 4
New technology-based firms, 18

Observation, 33
Organisational approach, 4
Organisations, 60–61
Organised learning approaches, 21

Participative student involvement, 21
Passive student involvement, 21
Pedagogical methods, 16
Peer groups, 39
Peer learning, 40
Policy, 33
Polysemic concept, 17
Postgraduate students, 60
Practical skills, 5
Practice, 9, 13, 24
Practitioner, 27, 49
Productive mentoring relationships, 10
Professionally based, spiritually and ethically inspired, physically/materially concerned, emotionally rooted, rationally and intellectually based (PROSPER) requirement of being, 48

Self-directed learning, 51
Self-driving student involvement, 21
Social learning, 6
Societies, 2, 4
Society, 47–48
Startups, 32
Structuration theory, 82–83
Students
motivations, 65–66
outcomes, 68–70
participate in extracurricular activities, 86–89
perceptions, 71–72
Students in Free Enterprise (SIFE), 3
Substantial overlap, 88
Succession planning, 9
Sustainability, 47
Sustainability Challenge Entrepreneurship, 46
Sustainable development goals (SDGs), 47
Teaching and learning, 51, 60
Teaching laboratory, 18
Teams, 48–49
Theory-based understanding of entrepreneurship, 24
Transdisciplinary enterprise, 60
UK, 32–33
UK Business Incubation (UKBI), 36
Undergraduate students, 84
Universities, 34–36
BIs, 32
incubators, 26
USA, 2–3, 7, 9
Venture creation, 18
Wales, 48, 50
Young Enterprise (YE), 3
