## ABOUT THE EDITORS

**James Peoples** is Professor of Economics at the University of Wisconsin-Milwaukee. His research includes analysis of production efficiency for different modes of freight transportation, as well as analysis of labor market activity in transportation industries. He has served as President of the Transportation and Public Utilities Group. He is also the Series Editor of *Advances in Airline Economics* and Editorial Board Member of the journal *Transport Policy*.

**Xiaowen Fu** is Associate Professor in the Institute of Transport and Logistics Studies, the University of Sydney. His main research area is transport economics, which covers issues such as competition policy and government regulation, efficiency benchmarking, transport demand modeling, and industrial organization. He is on the editorial boards of three journals including *Transportation Research – Part B* and *Part E*, and is an editor of the journal *Transport Policy* and Associate Editor of the book series *Advances in Airlines Economics*. Dr Fu is Vice President (Research) of the Air Transport Research Society (ATRS), Vice President (Research) of the Institute for Aviation (UK), Founding Chair of the Maritime Economy and Policy stream of the World Transport Convention.
