# Note from the publisher

Emerald adds its thanks to those which Michael and Elke have extended above, to the authors who have published in *Library Hi Tech* over the past 20 years.

We appreciate the service to the journal and to scholarship, which Michael and Elke have made during their terms of office. The journal has improved in quality and it has grown in size. It has changed with the discipline to become a leading title in the list, with a strong position in the market.

For this we extend our thanks.
