# RESEARCH IN THE SOCIOLOGY OF ORGANIZATIONS

Series Editor: Michael Lounsbury

## Recent Volumes:

- Volume 38: Configurational Theory and Methods in Organizational Research
- Volume 39a: Institutional Logics in Action, Part A
- Volume 39b: Institutional Logics in Action, Part B
- Volume 40: Contemporary Perspectives on Organizational Social Networks
- Volume 41: Religion and Organization Theory
- Volume 42: Organizational Transformation and Scientific Change: The Impact of Institutional Restructuring on Universities and Intellectual Innovation
- Volume 43: Elites on Trial
- Volume 44: Institutions and Ideals: Philip Selznick's Legacy for Organizational Studies
- Volume 45: Towards a Comparative Institutionalism: Forms, Dynamics and Logics Across the Organizational Fields of Health and Higher Education
- Volume 46: The University Under Pressure
- Volume 47: The Structuring of Work in Organizations
- Volume 48A: How Institutions Matter!
- Volume 48B: How Institutions Matter!
- Volume 49: Multinational Corporations and Organization Theory: Post Millennium Perspectives
- Volume 50: Emergence
- Volume 51: Categories, Categorization and Categorizing: Category Studies in Sociology, Organizations and Strategy at the Crossroads
- Volume 52: Justification, Evaluation and Critique in the Study of Organizations: Contributions from French Pragmatist Sociology
- Volume 53: structure, Content and Meaning of Organizational Networks: Extending Network Thinking
- Volume 54A: Multimodality, Meaning, and Institutions
- Volume 54B: Multimodality, Meaning, and Institutions
- Volume 55: Social Movements, Stakeholders and Non-market Strategy
- Volume 56: Social Movements, Stakeholders and Non-market Strategy
- Volume 57: Toward Permeable Boundaries of Organizations?
- Volume 58: Agents, Actors, Actorhood: Institutional Perspectives on the Nature of Agency, Action, and Authority
- Volume 59: The Production of Managerial Knowledge and Organizational Theory: New Approaches to Writing, Producing and Consuming Theory
- Volume 60: Race, Organizations, and the Organizing Process
- Volume 61: Routine Dynamics in Action
- Volume 62: Thinking Infrastructures
- Volume 63: The Contested Moralities of Markets

# CONTENTS

<i>Lists of Figures and Tables</i>	vii
<i>About the Contributors</i>	ix
<b>Introduction: Process Views on Inter-organizational Collaborations</b> <i>Hans Berends and Jörg Sydow</i>	1

## PART I RELATIONAL DYNAMICS IN INTER-ORGANIZATIONAL COLLABORATION

<b>Chapter 1 Relational Bonds Underlying Cooperative Inter-organizational Relations in Different Societal Contexts</b> <i>Peter Smith Ring and Andrew H. Van de Ven</i>	13
<b>Chapter 2 Building Adaptive Capacity in Project Network Organizations: Project Contexts, Network Ties, and Relational Practices</b> <i>Stephan Manning</i>	39
<b>Chapter 3 The Dynamics of Inter-organizational Relations in Contemporary Manufacturing: Nested Negotiations in Value Networks</b> <i>Harry Sminia, Anup Nair, Aylin Ates, Steve Paton and Marisa Smith</i>	69
<b>Chapter 4 Technological Embeddedness of Inter-organizational Collaboration Processes</b> <i>Katharina Cepa and Henri Schildt</i>	91

## PART II ORGANIZATIONAL DYNAMICS FORMING AND DISSOLVING COLLABORATION

<b>Chapter 5 Insider Activists Pursuing an Agenda for Change: Selling the Need for Collaboration</b> <i>Kristina Lauche</i>	119
--	-----

<b>Chapter 6 Phased Acquisitions for Disruptive Innovation: Toward a Micro-level Governance Perspective</b> <i>Dries Faems and Anoop Madhok</i>	139
<b>Chapter 7 Entrepreneurs or Employees? The Emergence of “Disciplining Entrepreneurialism” in Subsidiary Organizations at CyberAgent</b> <i>Rick Delbridge, Takahiro Endo and Jonathan Morris</i>	163
<b>Chapter 8 Collaborative Uncoupling: How to Break Up and Stay Together</b> <i>Rene Wiedner and Shaz Ansari</i>	185

### PART III DYNAMIC COLLABORATION BEYOND ORGANIZATIONS

<b>Chapter 9 “Opening Innovation” Across Layers of Practices: Developing an Integrative View of the Emergence of Digital Health</b> <i>Karl-Emanuel Dionne and Paul Carlile</i>	213
<b>Chapter 10 How Organizations Manage Crowds: Define, Broadcast, Attract, and Select</b> <i>Linus Dahlander, Lars Bo Jeppesen and Henning Piezunka</i>	239
<b>Chapter 11 Crowd-open and Crowd-based Collaborations: Facilitating the Emergence of Organization Design</b> <i>Luca Giustiniano, Terri L. Griffith and Ann Majchrzak</i>	271
<b>Chapter 12 Collaborative Innovation Online: Entanglements of the Making of Content, Skills, and Community on a Songwriting Platform</b> <i>Benjamin Schiemer, Elke Schüßler and Gernot Grabher</i>	293
<i>Index</i>	317

# ABOUT THE CONTRIBUTORS

**Dr Shaz Ansari** is a Professor of Strategy and Innovation at Judge Business School, University of Cambridge. He serves on Editorial Boards of *AMJ*, *AMR*, *Organization Science*, *JOM*, *JMS*, and *Organization Studies*. He has published in *AMJ*, *AMR*, *SMJ*, *Organization Science*, *JMS*, *Research Policy*, *ICC*, *JBE*, *Strategic Organization*, and *Organization Studies*.

**Dr Aylin Ates** is an Associate Professor in Strategy at the University of Strathclyde Business School, Glasgow, and the Programme Director of MSc Project Management and Innovation. She has published extensively in the area of strategic management in small and medium enterprises, among others in the *International Journal of Operations and Production Management*, *European Management Journal*, and *International Journal of Production Research*.

**Dr Hans Berends** is a Professor of Innovation and Organization at the School of Business and Economics, Vrije Universiteit, Amsterdam. His current research interests concern interorganizational collaboration and digital innovation, and he investigates these phenomena using a process research approach. He has published in leading journals including *Academy of Management Journal*, *Organization Science*, *Journal of Management Studies*, *Organization Studies*, and *Strategic Organization*.

**Dr Paul Carlile** is an Associate Professor of Management and Information Systems at Boston University's Questrom School of Business. He published widely on topics of innovation, managing knowledge across boundaries and digital disruption in journals, such as *Organization Science*, *Management Science*, and *Administrative Science Quarterly*.

**Katharina Cepa** is a Lecturer of Digital Strategy at Lancaster University Management School. Her research explores how the use of digital real-time data technologies in (inter-)organizational processes affects the management and strategy of organizations.

**Dr Linus Dahlander** is an Associate Professor and the Lufthansa Group Chair in Innovation at ESMT Berlin. He is interested in innovation, entrepreneurship, communities, and crowdsourcing.

**Dr Rick Delbridge** is a Professor of Organizational Analysis at Cardiff Business School. He is Co-editor of *JMSSays* and a former Associate Editor of *Academy of Management Review* and *Organization*. He is the Fellow of the Academy of Social Sciences, British Academy of Management, and Learned Society of Wales.

**Dr Karl-Emanuel Dionne** is a Postdoctoral Researcher of Management at Boston University's Questrom School of Business and McGill University's Desautels Faculty of Management. His work focuses on topics of new forms of organizing for innovation, interdisciplinary innovation, open innovation events, and field emergence at the intersection of different sectors.

**Dr Takahiro Endo** is an Associate Professor of Organizational Analysis at Hitotsubashi University, Tokyo. His research interest lies in long-term change and continuity of management practice, such as "Japanese Management".

**Dr Dries Faems** holds the Chair of Entrepreneurship, Innovation and Technological Transformation at WHU – Otto Beisheim School of Management, Vallendar, Germany. He is also a Visiting Professor at the LUISS Business School in Rome. His current research focuses on collaboration for innovation and technological transformation.

**Dr Luca Giustiniano** is a Professor of Organization Studies at Department of Business and Management at LUISS University, where he is also the Director of the Centre for research in Leadership, Innovation and Organization. He is an editorial board member of *Journal of Management Studies* and *Review of Managerial Science*.

**Dr Gernot Grabher** is a Professor of Urban and Regional Economics at HafenCity University Hamburg. He was an Editor of *Economic Geography*, an Editor of the RSA Regions and Cities book series, and also a Member of the editorial boards of the *Cambridge Journal of Regions, Economy and Society*, *European Urban and Regional Studies*, *Industry and Innovation*, and *Social Sciences*.

**Dr Terri L. Griffith** is a Professor of Management and Entrepreneurship at Santa Clara University. She studies how technologies, practices, and human capabilities can be woven together to achieve performance. Her most recent research considers the bottom-up integration of artificial intelligence into work.

**Dr Lars Bo Jeppesen** is a Professor of Innovation Management at Copenhagen Business School. His research focuses on innovation in the digital economy. His work has been published in a variety of management journals such as *Organization Science*, *Strategic Management Journal*, and *Research Policy*.

**Dr Kristina Lauche** is the Chair of Organizational Development and Design at Nijmegen School of Management, Radboud University, The Netherlands. Her research draws on practice approaches to understand how people address complex problems that require interorganizational collaboration and pursue organizational or field-level change. She has investigated such processes in the context of new product development, sustainability, healthcare, and creative industries. Her work has been published in journals such as *Academy of Management Journal*, *Organization Science*, and *MIS Quarterly*.

**Dr Anoop Madhok** is a Professor of Strategy and the Distinguished Scotiabank Professor in International Business and Entrepreneurship at the Schulich School of Business, York University, Toronto. His more recent research focused on the various aspects of collaboration, and his current research focuses on the organization and governance of platform-based businesses.

**Dr Ann Majchrzak** is an Associate of USC Chaired Professor of Business Administration at the Marshall School of Business. She does research on any interesting intersection of digital innovation and organizational systems. She is publishing a new book: *How Open Crowds Can Collaboratively Solve Big Societal and Business Problems*.

**Dr Stephan Manning** is a Professor of Strategy and Innovation at University of Sussex, UK. His research covers topics such as sustainability standards, social entrepreneurship, project-based organizing, and global services sourcing. He has published in journals such as *SMJ*, *JMS*, *JIBS*, *Research Policy*, *Organization Studies*, and *Human Relations*. He is Senior Editor of *Management and Organization Review*.

**Dr Jonathan Morris** is a Professor of Organizational Analysis and an Associate Dean for Research at Cardiff University's Business School.

**Dr Anup Karath Nair** is a Lecturer in Engineering Management at the University of Strathclyde, Glasgow. He holds a PhD in Strategy and Organization from the Strathclyde Business School. His research investigates the challenges associated with realizing strategy and innovation within engineering and technology-driven businesses.

**Dr Steve Paton** is a Senior Lecturer in the Department of Management Science at the University of Strathclyde, Glasgow. Following a 20-year career in the aerospace industry, he transferred to academia. He currently researches in operations and project management, and is particularly interested in the management of work within project-based networked environments.

**Dr Henning Piezunka** is an Assistant Professor at INSEAD, Fontainebleau. He does research on crowdsourcing, collaboration, and competition. He is an Editorial Board Member at the *Academy of Management Review*. He has a PhD from the Stanford University.

**Dr Peter Smith Ring** is a Professor Emeritus of Strategic Management with the College of Business Administration at Loyola Marymount University in Los Angeles. He is or was an Editorial Board Member of *Strategic Management Journal*, *Academy of Management Review*, *California Management Review*, *International Journal of Business Strategic Alliances*, *Nonprofit Management Review Journal*, and *Journal of Management Studies*.

**Benjamin Schiemer, MSc**, is a Doctoral Researcher at the Institute of Organization Science at Johannes Kepler University Linz. His research interests cover organizational anthropology, ethnography, science and technology studies, and processual studies of collaborative creativity in music.

**Dr Henri Schildt** is a Professor of Strategy at Aalto University School of Business, Helsinki, where he heads the Department of Management Studies. His research spans strategy, organization theory, and entrepreneurship. His current research projects examine the organizational creation of social value and how digital data influences organizing.

**Dr Elke Schübler** is a Professor of Business Administration and Head of the Institute of Organization Science at Johannes Kepler University Linz. Her research interests revolve around organization and management theories, work and employment relations, and creativity and innovation. She currently examines labor standards in global supply chains and new forms of digital organizing.

**Dr Harry Sminia** is a Professor in Strategic Management at Strathclyde Business School in Glasgow. His research interests are in the area of processes of strategy formation, strategic change, and competitive positioning. He is also interested in process research methods and methodology.

**Dr Marisa Smith** is a Lecturer in Strategy and Innovation at Strathclyde Business School at the University of Strathclyde, Glasgow. She is published in a range of journals on topics related to innovation and operations management. She employs an engaged scholarship approach to her research.

**Dr Jörg Sydow** is a Professor of Management at the School of Business & Economics at Freie Universität Berlin. He was a Fellow of the Advanced Institute of Management Research and an Editorial Board Member of *Organization Science*, *Organization Studies*, *Academy of Management Journal*, *Academy of Management Review*, and *Journal of Management Studies*. Currently, he is a Senior Editor of *Organization Studies*.

**Dr Andrew H. Van de Ven** is a Professor Emeritus in the Carlson School of the University of Minnesota. He received his PhD from the University of Wisconsin at Madison in 1972. He conducts research and writes on managing organizational innovation, change, design and behavior, and engaged scholarship research methods. He was President of the Academy of Management (2000–2001), and was Founding Editor of *Academy of Management Discoveries* (2013–1017).

**Dr Rene Wiedner** is an Associate Professor and a member of the Process, Practice and Institutions (PPI) Research Programme at Warwick Business School, University of Warwick. His research focuses on change, collaboration, and innovation in healthcare and the creative industries. He received his PhD from the University of Cambridge.
